ALUZION
ALUMINUM ARCHITECTURAL SIDING

25-YEAR LIMITED MATERIAL WARRANTY

1. Scope and warranty period

ALUZION INC. ("ALUZION") warrants its aluminum siding products (the "Product"), purchased new from ALUZION or an authorized distributor, against manufacturing defects that impair performance, subject to this 25-year limited commercial warranty. This warranty benefits the owner of the building where the Product is installed and is transferable to subsequent owners for the remaining term.

Territory. This warranty applies only to Products installed on a building located in Canada or the United States.

Warranty commencement. The 25-year period starts on the date of the first purchase of the Product by the property owner, or by the contractor or builder purchasing it for the project concerned, as shown on the original invoice. A sale to a distributor for resale or stocking does not start the period. The manufacturing or installation date does not postpone or extend the starting date. The period does not restart upon property transfer.

Subject to the terms and exclusions below, Products installed in accordance with the manufacturer's specifications and exposed to normal conditions shall meet the applicable performance requirements for blistering, peeling, flaking, cracking, distortion and buckling described in AAMA 1402 and CAN/CGSB 93.1 and 93.2, insofar as those standards apply to the Product concerned.

2. Claims and warranty remedies

Claims should be reported in writing promptly after the issue is discovered, preferably within 30 days. Include a dated purchase invoice, a description of the issue, photographs and, when available, the project address, batch identification and installation information. ALUZION may request reasonably necessary information and inspect the Product to determine cause and eligibility. Prior registration and a warranty number are not required. Mandatory legal rights remain unaffected.

Months 0 to 36: if a covered manufacturing defect is confirmed, ALUZION may refinish the Product in place or supply and install replacement Product at no charge for the covered work. Months 37 to 300: prorated materials-only coverage under the schedule. ALUZION may choose repair, replacement materials or, if the original Product is unavailable, a monetary refund based on the applicable percentage in the schedule multiplied by the documented original purchase price of the affected materials. A monetary refund cannot exceed that original price. Shipping, transportation and handling are excluded to the extent allowed by law.

During materials-only periods, removal, reinstallation, scaffolding and other incidental costs are the owner's responsibility to the extent permitted by law. Transportation, shipping and handling are not included. ALUZION determines the reasonable remedy subject to applicable law. Repairs and

replacements do not extend the initial warranty term. If the original Product is discontinued, a comparable substitute or settlement under these terms may be offered.

3. Exclusions

1. Damage caused by improper installation, handling, transportation or storage, including exposure to heat sources or harmful jobsite conditions. The age of inventory alone does not establish improper storage.

2. Uses outside the manufacturer's specifications or beyond the Product's intended use as above-grade building cladding or accessory.

3. Abuse, vandalism, intentional damage, unauthorized modification or plainly inadequate maintenance that caused the damage.

4. Chemical reactions or corrosion caused by contact with incompatible materials (including copper, steel or pressure-treated lumber), or harsh or abrasive cleaning agents.

5. Damage from fire, chemicals, fumes, abnormal air pollution, or marine exposure within 1 km of a saltwater body.

6. Movement or failure of the substrate or underlying structure, including settlement, shrinkage, deformation, splitting or excessive movement.

7. Events beyond the manufacturer's control, including hail, severe wind, ice storms, lightning, hurricanes or tornadoes.

8. Color change below six (6) ΔE units, determined under ASTM D2244. Measurement must compare an unexposed retained panel of the same Product with a cleaned exposed surface using a properly calibrated spectrophotometer. Color changes not arising from a covered manufacturing defect are also excluded.

4. Transfer and other conditions

This warranty transfers to subsequent owners of the same building solely for the remainder of its term. Accessories made by other manufacturers, such as fasteners, membranes and sealants, are not themselves covered as ALUZION Products. The mere use of a third-party accessory does not automatically void coverage; an incompatibility exclusion must relate to the defect claimed.

5. Prorated coverage schedule

Original and/or Subsequent Owner(s)	Months from end-customer purchase	Coverage
The warranty period is continuous from the effective date until the end of the warranty period and does not reset with transfer to new owners.	0–36	100% repair or replacement
	37–48	90% materials only
	49–60	85% materials only
	61–72	80% materials only
	73–84	75% materials only
	85–96	70% materials only
	97–120	60% materials only
	121–144	50% materials only
	145–168	40% materials only
	169–192	30% materials only
	193–216	25% materials only
	217–240	20% materials only
	241–264	15% materials only
	265–300	10% materials only
	After month 300: the 25-year commercial warranty has expired.	

ALUZION: monetary refunds are based on the documented original purchase price of the affected materials multiplied by the applicable schedule percentage.

6. Maintenance

Reasonable maintenance is required: periodically remove contaminants using a soft cloth or soft brush, water and mild household detergent; rinse thoroughly. Avoid abrasives, strong degreasers, chlorine- or ammonia-based cleaning products and solutions with more than 5% trisodium phosphate. Do not use power washers or aim water at vented soffits. Clean soffit and fascia areas with an absorbent brush and clear water. Lack of maintenance supports an exclusion only to the extent relevant to the reported damage and permitted by law.

7. Limitations and contact

This is a voluntary commercial warranty. It does not replace, reduce or waive statutory warranties or mandatory rights and remedies under applicable laws. Exclusions and liability limits apply only to the extent permitted by law. No representative may change this warranty without written manufacturer approval. New terms do not retroactively change warranties already provided.

Limitation of liability. ALUZION'S LIABILITY UNDER THIS WARRANTY, WHETHER IN CONTRACT, IN TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, IS LIMITED TO THE REMEDIES DESCRIBED ABOVE FOR THE COVERED PRODUCT ITSELF, WHICH ARE THE SOLE AND EXCLUSIVE REMEDIES UNDER THIS WARRANTY. IN NO EVENT SHALL ALUZION BE LIABLE FOR, AND ALUZION EXPRESSLY DISCLAIMS, ANY OTHER DAMAGE OF ANY KIND, WHETHER DIRECT OR INDIRECT, ARISING FROM THE PURCHASE, USE OR INABILITY TO USE THE PRODUCT, INCLUDING ANY DAMAGE TO THE BUILDING, TO OTHER MATERIALS OR TO CONTENTS, ANY LABOUR OR OTHER COST NOT EXPRESSLY COVERED BY THIS WARRANTY, AND ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGE, LOSS OF USE, OR LOSS OF INCOME OR PROFIT, HOWSOEVER CAUSED. THE EXCLUSIONS AND LIMITATIONS IN THIS SECTION APPLY TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW AND DO NOT APPLY WHERE THE LAW DOES NOT ALLOW THEM, IN PARTICULAR IN CASES OF BODILY INJURY OR INTENTIONAL OR GROSS FAULT.
